

BIRDWATCHING

All you birders out there – this is your chance to catch sight of some of Panamas more than 1000 species of birds!

Panama is home to more species of birds than anywhere else in the world. Take advantage of our knowledgeable guides to see some of these gorgeous animals in their native habitat. For Bird watchers, Boquete and the surrounding highlands offer you the ability to see some of the most beautiful birds in the world all in one place. Depending on the time of year and the types of birds you wish to see, your guide will pick an elevation to start at in the cloud forests and rainforests near Boquete. Each tour is custom tailored for your specific needs, but all are usually arranged to take place in the morning hours, when sighting birds is best.

The Tour includes transport, a bilingual guide and binoculars, to make sure you get a clear view. There are different locations available: choose from the lowlands or the rainforest in Boquete.

Don't forget to bring:
