

Volcán Barú via Jeep or ATV

For those of you who want to experience the incredible view from the top of Volcán Barú, but don't want all of the strenuous hiking, consider getting to the top via Jeep or ATV. In a fraction of the time of hiking, you can reach the summit of Barú and enjoy the amazing sunrise from the highest point in Panama. If weather conditions are good you will have a panoramic view of both the Pacific and the Caribbean. Otherwise, there is still a great view of the Chiriquí mountains from high above the clouds.

Remember to always check ahead as road conditions do vary and it may not always be possible to make it up this way during periods of extremely torrential rains.

Don't forget to bring:

- Passport
- Water
- Closed shoes
- Rainjacket
